

AOL charged me, on two different statements, a total of \$1261.47. They said because I had changed my pricing plan from the basic \$23.90 plan to the \$4.95/3 hours plan. I assure you that I did not do that. It does not make any sense. I don't even know how to do that.

After researching this I discovered that the plan got changed at the same time that I had the cable company install a modem and I subscribed to the high speed access cable system.
